

2019 Mondeuse Noire

Bearg Ranch
Fountaingrove District

The Bearg Vineyard wines are the culmination of years of research, lots of international travel and lots and lots of hard work. The wines from this Biodynamically farmed site have exceeded all of our expectations. The mountain soils and high elevation character has proven to be ideal for the alpine varieties that we chose to plant. But most of all it is the dedication, tireless hard work, patience and passion of Kerry Bearg and his family that have given us the gift of planting this vineyard exactly the way we wanted to.

The Mondeuse Noire is on a north facing slope covered in Goulding-Toomes gravelly loam. We have five unique selections of Mondeuse planted from five amazing sites between California and France.

100% Mondeuse Noire
100% Bearg Ranch
12.5% Abv

Tasting Note:

Aromas of caramelized red meat, salted berries, blueberry pie and white pepper. Zesty bright lively and lithe on the palate. Waves of grape Nehi, cured pepperoni, mountain herbs and salted caramel make this zesty and refreshing alpine red irresistible. Best served with a chill and a smashburger.
